Faxing Device

# Use Your Multifunction Printers to Send & Receive Faxes Without a Traditional Phone Line

Enjoy the benefits of both worlds, virtual and physical faxing with 'SendFAX.to' & 'SendFAX.to Device'.

The ClearlyIP SendFAX.to Device offers the connectivity for up to 2 physical fax machines, or hardware of your choice to enjoy the flexibility of analog faxing without the expense of a dedicated line. SendFAX.to Device has two network ports and two analog ports, allowing you to plug in multiple fax machines if you wish or really any device of your choice.

Store your faxes, connect a physical fax machine, and send/receive with secure and reliable technology using the SendFAX.to device.

## SEND FAXES

We offer an easy-to-use API that makes it easy to send large volumes of fax documents from your applications.

## RECEIVE FAXES

Receive faxes directly to your multi-function printer; eliminate expensive traditional phone lines.

## REAL-TIME STATUS

Get insight into the status of your faxes sent and received in real-time.

## SECURE & COMPLIANT

ClearlyIP Fax is designed for organizations that require stringent document security standards.

## EASY TO ADOPT

Transitioning your FAX Services to ClearlyIP is Clearly the best choice! We offer number porting, local and toll-free DIDs in most North American markets. Efficiently self-managed from within our online portal.

## SCALABLE TO YOUR NEEDS

High Volume, Low Volume, and Metered Subscriptions available. No per page, per-user, or per group fees! Your use of ClearlyIP's Fax Service can quickly scale to match the pace of your day-to-day usage and needs.

## WORLD-CLASS SUPPORT

Our development team can help you get your project off the ground, and our experienced Cloud support team can handle even your most complex questions once you have deployed your solution.

## FAX SERVER DISPLACEMENTS SIMPLIFIED

Replacing outdated legacy fax server systems can be daunting. ClearlyIP understands both traditional and digital fax, and we can help you transition to a modern solution.
